## ***Foundation for Community Health honored***

DOVER — The town of Dover honored the Foundation for Community Health (FCH) for what was stated on the award plaque as "outstanding support to our community." The recognition and appreciation was demonstrated by the presentation of a plaque to Nancy Heaton, Foundation for Community Health CEO and Gertrude O'Sullivan, FCH director of communications

and special programs, by Ryan Courtien, town supervisor, and Councilwoman Linda French, at a town meeting on Wednesday, Feb. 25.

Some of the programs initiated and/or funded by the foundation that serve Dover are the in-school dental program conducted by Hudson River HealthCare; the Northeast Dutchess Transit Service conducted by the North East

Community Center; the Scrub Club: Pathways to Health Careers originally conducted by the Catskill Hudson Area Health Education Center and now directed by staff at Dover High School; and a youth-oriented, substance abuse/risky behaviors prevention project conducted by the Council on Addiction Prevention & Education of Dutchess County (CAPE).
