

# CAPACITY BUILDING GRANT PROGRAM

## SPRING 2023 GRANTEE PARTNERS

The Foundation for Community Health awarded \$80,000 to six non-profit organizations, through the Spring 2023 cycle of its Capacity Building Grant Program. Decisions were made based on each organization's organizational health goals, strength of ties to FCH's community, as well as the alignment of each organization's mission and activities with the foundation's funding interests.

The purpose of FCH's Capacity Building Grant Program is to increase the stability, effectiveness, and resilience of nonprofits, ultimately supporting their ability to meet mission and community need. Established in 2021, FCH's Capacity Building Grant Program has awarded \$341,570 to twenty organizations to date.
